Newport Infant School— Design Technology

Topic: Kites	Key Stage 1 Year 1	Strand: Design, make and Evaluate

What should I already know?

- How to join materials.

What I will do by the end of the unit

Design	• Set design criteria: To make an attractive kite for myself. • Test and select materials for the kite
Make	• Cut materials • Join materials by using tape and tying knots • Make my kite attractive
Evaluate	• Evaluate materials to use for the kite • Check kite against the design criteria • Say I like and what I would change about my own product

Vocabulary

attractive	Looks good
design	A plan or drawing to show the look and parts of how the product will be made.
design criteria	A set of goals that the design must meet to be a success.
evaluate	Say what went well and what could be changed after designing and making the product.
join	A place where two or more things are connected.
kite	A toy made from a light frame with thin material stretched over it, flown in the wind at the end
material	Something that things can be made from.
product	Something that has been made.
string	A long thin rope tied to the kite
tail	A long, thin and bendy part that falls from the bottom of
test	A check to see how good
