Newport Infant School— Art

Topic: Pipe Cleaner Sculpture	Key Stage 1 Year 2	Strand: Sculpture / Other Artists

What should I already know?

- Art comes in different shapes and sizes.
- Sculptures are not real.
- Clay tile (Y1)

What I will know by the end of the unit

- Sculptures are 3D artwork that can be any size.
- Sculptures can be made using different materials such as stone, wire, sand, clay, wood.
- The materials may be solid or flexible.
- Sculptures can be found in Art Galleries, in homes or outside in unusual places.
- Sculptures are made by joining shapes and materials or carving into a block of material.
- A sculptures shows an object or an idea.
- There are many sculptures made of the human body.
- Degas made a sculpture of Marie - Little Dancer Aged Fourteen
- We can use pipe cleaners to make a sculpture of a human body.
- Pipe cleaners can show movement in a sculpture.
- I will join, shape, form and model pipe cleaners into the form of a human body.

Explore a range of sculptures

'Little Dancer Aged Fourteen' - Degas

Sculptures of human body

Pipe cleaner sculpture
