Teacher notes:

You will need -

* Minibeast hunt recording sheet (pupils to work in small groups).

*Explorify account to access the extension video.

*Camera for photos (pic collage with the tally sheet).

Which is the odd one out? Why?

1. Show the three images above and ask everyone to come up with as many similarities and differences as they can. If they get stuck, prompt them to think about:

- appearance
- what they do
- where they might be found

2. Then, everyone needs to decide which one is the odd one out and why. Encourage a reason for every answer and there is no wrong answer!

Let's find out more about minibeasts

Today we are going on a minibeast hunt to find bugs, beetles and insects!

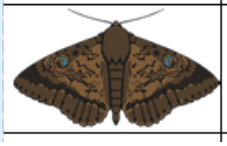

Have you seen any types of minibeasts in our school before?

Where did you find them?

How could we record our findings today?

Minibeast	Name	Tally	Total
			
			
			
			
			
			
			
			
			
			
			
			
			
			

What did we find?

Have a look inside an ant colony!
