Green Words

These have been our phonic session word time words. Ask your child to sound out the words and blend the sounds together to read the word.

Challenge: If you feel your child is ready, ask them to read the words without sounding them out.

Red Words

These are words we are learning to read by sight and can't be decoded using our phonics. Can you teach your child to read these words. Make it fun, games like bingo, snap and pairs are a great way!

Don't' forget to keep re-visiting previous red words!

Friday 21st January 2022

Here are the sounds we have learnt in phonics this week. These are the images and hand-writing formation guides your child hears. Please support your child to know the sounds and write the letter correctly. If your child knows the sounds well, focus on formation.

Again, you don't have to do this on paper. You can do this on the tiles in the bath, with a stick in the mud, with brushes and water outdoors or paint. Make it fun, make it memorable!

sh sh

Sshhh said the horse, to the hissing snake.

r r

Down the robots back, up and over his arm.

h h

Down to the hooves, up and over his back.
