our own
colour poem!

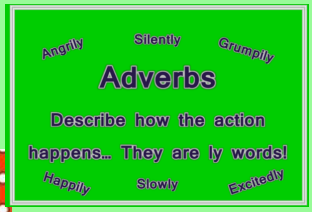

Let's think of some of our best phrases from our word bank!

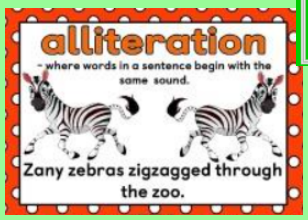

How can we use our word bank to write our own colour poem!

Green

- fresh, spiky grass swaying like a butterfly
- smooth, silky leaves falling gently from the sky
- slimy, scaly frog jumping happily from lilly pad to lilly pad

Wagoll

Red is a rosy, ripe apple falling gently from a tree.

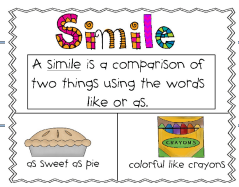

Green is like fresh, spiky grass swaying calmly in the breeze.

Yellow is the scorching, blinding sun shining brightly on me.

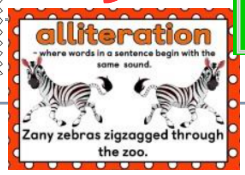

Blue is like warm, wavy water crashing loudly in the great, big sea.

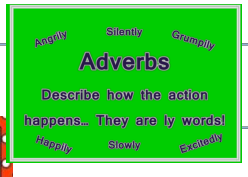

With your partner use the purple pen to prove why this is a good wagoll!
