Today we are subtracting
two amounts using
a given method!

What do you know about subtraction?

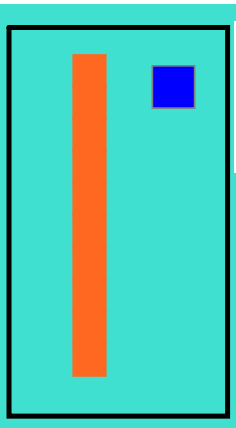

What maths pictures do we use to solve subtraction?

What do we need to remember?

28 - 6 =

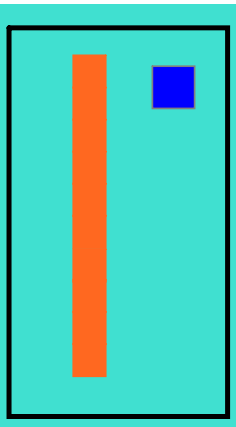

25 - 8 =

What's the problem?

How can we solve this?

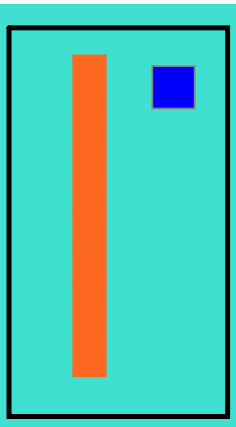

Have a go at solving this one.

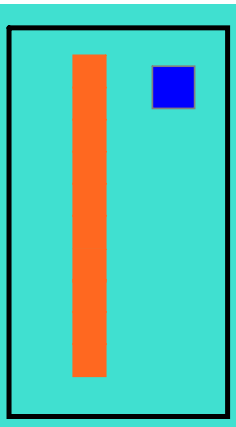

35 - 7 =

How is this different?

54 - 16 =

How is this different?

52 - 27=

Now it's your turn!

- Take an subtraction question from the basket.
- stick the question in your book.
- show me how you work out the answer, choose what you use.

Red - Start with sticks and stones
Do you need to exchange or not?

Do we need to exchange?

25 - 18=

How do you know?
Can you write some subtraction sentences that exchange?
