Flutter, Flutter Little Bat

by Leanne Guenther

Flutter, flutter little bat,
How I wonder where you're at.

Swooping through the darkest night -
You find your way without a light.

Flutter, flutter little bat,
How I wonder where you're at!

Would it make sense if we mixed the lines up?

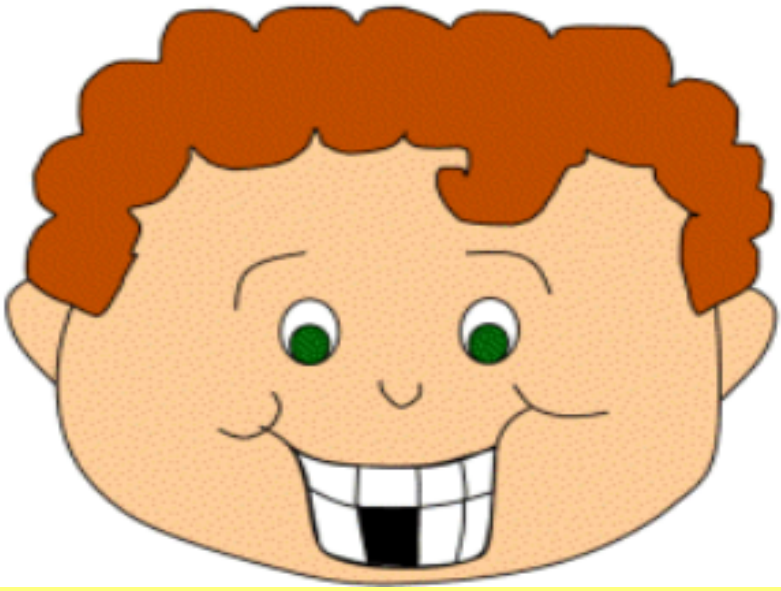

My Tooth Fell Out

A tooth fell out, and left a space
So big my tongue could touch my face.

And every time I smile, I show
a space where something used to grow.

I miss my tooth as you can guess
But then, I have to brush one less!

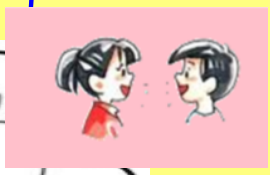

How are the rhymes different here?

The Frog

I saw a little frog,
He was cuter than can be,
He was sitting on a log
And I'm sure he croaked at me!
