Subject: Numeracy—Division/Finding all possibilities Date: 11.2.22 T/TA/I/OA/MAP

Learning Objective: I can write and calculate division statements

I know that division of one number by another cannot be done in any order.

I can solve division using arrays and number facts

Learning Ladder Guess an outcome for another multiple of 10

Use reasoning to explain why something is/is not possible

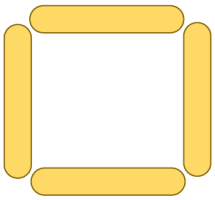

Notice a pattern in the results.

Can write a division number sentence

Record information onto table

Use practical equipment to solve problem

How many squares can you make using lollipop sticks?

Number of sticks	Picture	Complete squares	Left over

What patterns did you spot? _____

_____

What else did I find out? _____

_____

Number of sticks	Picture	Complete squares	Left over
