

Homework Year 1

Phonics

Next term Year One will take their National Phonics Screening test. To support at home, please revise the sounds with your child. See if they can identify them in a word! All help will be appreciated! Here are some free links to games to support!

Literacy

Next term we will also be focusing on the presentation and stamina of the writing as well as punctuation used. To support at home, please encourage your child to practice their sentence before writing, using their Fred fingers to sound and spell words they are not sure of and finally to check they have used the punctuation from their Hi-Five hands!

Capital Letters, Finger Spaces, 'and' to join 2 sentences, Full stops and the correct formation of the letters.

A fun game the children love to help them practice their punctuation.

Numeracy

Over the Easter Holidays the best way to support your child in their Maths is for them to practice the following:

[Subtracting numbers to 20](#)

[Counting in 2s, 5s and 10s](#)

[Recalling number bonds to 10 from memory](#)
