## Reading

### Oxford Owl for School and Home

Please do continue to read at home!  
Use the Oxford Owl books we assign, the sharing books from class or their book bag books!

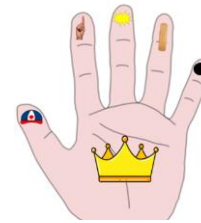

Oxford Owl also allows you to use their online library so do feel free to browse through and choose your own!

Don't forget to write them in your Reading Rocket booklets to move along the planets!

## Tricky Words

This week we have been focusing on the tricky words we know so far and putting them into a sentence!

Practice writing them down, cover them over and write again from memory. Did you get them right? If not, that's okay! Use a green for growth pencil and fix them! You can then try again 😊

## Literacy

This week we have been learning all about human growth and change. We have learnt the needs of a baby up to adults.

**Challenge:** Log in to your purple mash this weekend to find the body growth challenges. You might need an adult for this task! [Purple Mash by 2Simple](https://www.purplemash.com/)

Can you remember the stages. Can you say what stage your family members belong to?

## Numeracy

This week we have been learning all about time! Telling the time to the hour and half past!

**Challenge:** Can you log on to your purple mash and complete the quiz on time!

Are you able to explain to an adult what the hands of the clock mean?
