

Heeley's Highlights

Issue No: 39
Date: 18/7/2025

Dear parents/carers,
As we finish another school year, I would like to thank you all for taking the time to read 'Heeley's Highlights' each week. I hope it gives you some useful information, as well as being a chance to share some of the successes of the children.
It's been a busy last week, with the Year 2 Leavers Concert. They did an incredible job, sharing all their learning from the year and showing how they have used their Ready Eddie skills. There was beautiful singing, groovy dancing, some amazing Australian accents, as well as lots of humour and laughs. Fantastic! We hope you all enjoyed it too if you got to come. They had a Leavers Disco on Thursday, with the PTA providing the leavers presents and paying for the disco. The children have a lovely time, and will hopefully have made memories to keep forever. Julie puts on an incredible disco, with games and fun, and the foam was definitely a highlight!!
Yesterday all the school, including Nursery, were out on the field having a 'Grand Day In'. Lots of sports, crafts, and fun, as well as a bouncy castle and ice lollies! What a way to end the term!
This morning, we had our end of term assembly, and I was delighted to give out 31 certificates for 100% attendance this term, and certificates for 13 children who have had 100% attendance all year. These children were rewarded with a special present each. Fantastic job!
I would like to finish by saying thank you from all the staff for your kind end of year gifts and cards. They are appreciated very much.

I hope you all have a great Summer, have lots of fun, but keep safe.

Best wishes
Mrs Heeley

IMPORTANT WASH CARE INSTRUCTIONS

BRIGADE

Always refer to your garment care label to ensure that your uniform looks as good as new for as long as possible. We produce tough, hardwearing uniform, however it is important that you follow the care labels correctly to ensure you get the best out of your purchase.

- Turn garments inside out to wash and dry
- fasten any buttons before washing
- Do not overload machine
- Iron inside out on a cool setting to avoid heat damage, which can cause a shiny surface on fabrics (do not iron knitwear or cuffs and welts on sweatshirts)
- Bobbling/Pilling is caused by friction and excessive heat. It is also known within the British textile industry that fabric softeners are a major cause of bobbling/pilling of the fabric. Bobbling/pilling often disappears over time and is not a reflection on the quality of the garment.
